

In this video, viewers will learn more about how the District 62 Board of Education has a focused commitment to investing in the district's music program in order to expand students' musical talents. The video showcases the 5th grade band and orchestra students performing, with special guest percussionist, Superintendent of Schools Dr. Michael Amadei. Recently District 62 purchased a brand new instrument inventory for the beginning band/orchestra program. The video highlights how the district has made such an important investment into the band/orchestra program, allowing for even more students to be able to participate in the instrumental music program in D62. This video is on our district website as part of our D62 Stories and it was shown at a monthly Board of Education Meeting for our board members and our community.
