

The "Experience Fremont School District 79" video was developed with the intent of showcasing our school district to individuals who may not be as familiar with the district, including prospective families and employees. It was planned in collaboration with the Director of Human Resources and the Superintendent of Schools in terms of highlighting key, identified themes, including our district's Mission, Vision, and Values. The video is embedded on our Human Resources (Employment) page and is also embedded within all online job postings on our website as a way to introduce our schools.
