

The purpose of the logo was to build a connection between the falcon mascot of our newest school (Harmony Science Academy-Bridgeland) and its new neighborhood, a master-planned community called Bridgeland. The logo features a determined falcon in Harmony red, racing across the background of a Harmony "H" in the school's traditional blue. Along the Falcon's neckline is the outline of Bridgeland's iconic wooden pedestrian bridge that connects families to the beloved Josey Lake Park and Bird Sanctuary.
