

The PNW BOCES Services Guide video brings to life the many programs that the organization has to offer. It is a companion video to the printed and digital version of the Services Guide, which offers information about enrolling in programs each year. The script and narration offer a fly-on-the wall intro into the programs and services that BOCES offers. The video footage displays the hands-on work of Career and Technical Education and Special Education students as well as the work being done in PNW BOCES Professional Development programs.
