

A Day in the Life of a Superintendent is a video featuring Yorktown Central School District Superintendent Dr. Ron Hattar. The video takes Dr. Hattar through an entire work day, covering his duties as the superintendent. The video is as a recruitment tool to show aspiring superintendents exactly what they can expect from the job. It focuses on hours, responsibilities, board relationships, community relationships, and more, and also delves into the importance of keeping a work/life balance. The video has been used as a recruitment tool for the New York State Council of School Superintendents and is shared with our component districts for use in recruiting superintendents.
