

Leading up to the start of the 2024-25 school year, the Pearl River School District excitedly geared up for the return of all K-12 students, staff and teachers on September 3 by creating a Welcome Back video. The piece was an opportunity to showcase familiar faces and introduce new students to a number of our building principals, educators and faculty. Launching this short Reel on our Instagram channel and resharing to our Facebook feed, we aimed to provide a glimpse into time spent over the summer months preparing classrooms and all learning spaces in order to provide the tools for student success. The District couldn't wait to have a full house once again, and we were ready to open our doors to welcome all new and returning students. A huge focus for our school community is connectedness and belonging - and we aimed to ensure that learners felt the excitement and warmth of those that they'd see upon entering their respective buildings on the first day of school.
