

The purpose of this video is to highlight Mr. Thomas Faucette. After retirement, Mr. Faucette took a job with the Greensboro Police Department as a school crossing guard. He stood at his post rain or shine until he was 102 years old. At the end of the 2023-24 school year, on his last day, the school honored his dedication to his job. This video is available on YouTube and the district's social media channels. The audience includes the general public, school staff and community members, students, and parents. I think this story clearly articulates how much Peck has appreciated Mr. Faucette's impact over the years.
