

In recognition of Veterans Day, the Huron Valley Schools Board of Education honors the staff members and their family members who have served or are currently serving in any branch of the military during their November board meeting. Staff members are invited to submit the names of themselves or their family members to the Communications Department. Previously, board members would take turns reading the names aloud, which was time-consuming and occasionally led to mispronunciations. After careful consideration, the Communications Department decided to have students from each school pre-record the names, with the video being played during the meeting. This video not only featured students reading the names, but also showcased footage and photos from Veterans Day ceremonies held throughout the district. This new approach not only streamlined the meeting, but also became a districtwide project, allowing everyone to join in honoring those who have served and continue to serve.
