

In a monthly format, Topeka Public Schools showcases a stand-out Senior from an in-district high school. These students are usually at the top of their class academically and are thriving in multiple extracurricular activities. The videos are shared during the Board of Education meeting, the student is recognized in-person, and the video is highlighted in our district newsletter and social media channels. In this video, Brielle Belshe talks about how she balances being a key member in both the Topeka West JROTC and being the head cheerleader in the Cheerleading Squad as well as her future. Brielle is truly an inspiration to all her fellow students at Topeka West.
